Gasoline Goes To 20c In Price War

With the announcement yesterday by a group of Richmond independent service station operators that effective today gasoline would retail at 20 cents in their service stations the gasoline price war took a new turn.

Prices have been ranging from 16 to 21 cents during the recent week with stations owned by the oil companies charging the higher prices.

Following the announcement of the Standard Oil company that it would lease any of its company stations, a number of station owners have been leased by individual operators in Oakland and Berkeley. Shell is reported to be making a similar move.

Mrs. C. Ledgerwood Seriously Injured

Mrs. Olive Ledgerwood, prominent Richmond woman and wife of the nation of Boston chapter Order of Eastern Star, sustained a broken back following an automobile accident near Walnut Grove, and is now in the Sutter hospital in Sacramento. Hospital attendants say that she has a fighting chance to recover.

According to word received in Richmond yesterday, the accident occurred when the automobile in which she was riding with her son, Albert Ledgerwood, of Richmond, skidded and overturned on a slippery pavement. Ledgerwood escaped injury.

Woman Takes Life Following Tragedy

OAKLAND, Jan. 4. Mrs. M. Hartley, widow of V. M. Hartley, insurance broker who shot his 15-year-old son Herbert and himself to death in the Piedmont hills in 1926, died today at a rooming house at 1231 Adeline street. She is believed to have taken poison.

The woman was found by James A. Grant, owner of the place. A physician was called but Mrs. Hartley was dead before he arrived.

Grim tragedy has pursued the Hartley family for years; a tragedy that has been shrouded in mystery. No motive has ever been advanced that satisfies authorities as to the real reasons behind the killing of young Hartley by his father. Hartley took the youth for a walk, shot him dead, then walked a few yards from the body and shot himself.

Hartley was connected with an insurance office here. His papers were audited but proved barren of motive. Mrs. Hartley was convalescing from a serious operation at the time of the double tragedy and the news was kept from her for a long time.

PAIR WILL HANG TODAY

FRANKLIN, La., Jan. 4. (U.P.)—Unless a last desperate legal technicality succeeds, a woman and her paramour will die on a Louisiana gallows Saturday for the murder of the woman's husband.

They are Mrs. Ada Bonner LeBeau and Dr. Thomas E. Dreher, convicted of the premeditated murder of James LeBeau, denied clemency by Gov. Huey P. Long, and late today adjudge same by district Judge James D. Simpson of St. Mary's parish.

The crime for which the condemned couple face death occurred on the night of July 1, 1927, while LeBeau was on a night boat ride with Mrs. LeBeau, Dr. Dreher and a Louisiana trapper, James Beadle, who was convicted of complicity and sentenced to life.

BRIDGE BIDS REQUESTED BY S. P.

Bids on the construction of the \$12,000,000 railroad bridge across the Carquinez straits by the Southern Pacific company.

The call was issued to all bidders interested in deep water foundation and steel work. Bidders were warned that actual construction of the bridge awaits congressional permission for a 10-acre right of way through the Red Bluff area reservation. The right of way has been approved by the war department and a bill giving the company permission to take over the land in exchange for 50 acres of the Southern Pacific land has been passed by the senate.

The span will take two years to build and will be more than a mile long. It will provide for double track equipment. Under the plan announced by the Southern Pacific, Benders will have a main line stop and freight yard will be routed through Martinez and thence over the bridge.

The structure will have a 70-foot steel girder span of 1150 feet, one 384 foot deck span and one 327 foot lift span. All will rest on concrete piers. The superstructure will be of silicon steel throughout.

Through the use of the bridge 20 minutes will be cut from the Oakland route for passenger trains and two hours and 27 minutes for freight. The span pole is six and a half miles east of Crockett. It will have an electrically operated lift span that will clear 50 percent of all water traffic without the span being lifted. When open the span will swing 135 feet above the water.

KIDNAP TRY BY ACCUSED YOUTH TOLD BY CHILD, 10

RIVERSIDE, Jan. 4. (U.P.)—Gordon Stewart Northcott, accused murderer of four Southern California youths, appeared certain tonight to succeed in his effort to have women on the jury which tries him for murder.

When it became evident late today that 12 jurors could not be selected from the original panel of 30, composed entirely of men, Judge George R. Freeman ordered a special new venire of 30 returnable Monday.

Since there was no stipulation to the contrary it was presumed that some women would be on this special panel and it was certain that Northcott's attorneys would attempt to place them in the final trial bodies.

Warren Banned

When the first panel was drawn Norbert Warren, counsel for Northcott, attempted to have it thrown out on the ground it had not been properly drawn since no women were present. His motion to that effect was overruled.

Only 16 telegrams remained in the first group and the defense still retained 17 per centary challenges when the judge ordered the second venire. The last called for the new panel when he perceived the first would be exhausted.

Vile Testimony

Judge Freeman took occasion to point out that women might refuse to sit on a jury in a trial in which "vile testimony" was likely to be introduced.

Accused Recognized

A 10 year old boy, John Thompson, told officers he recognized Northcott as the person who attempted to kidnap him near Colton in 1927. Young Thompson identified Northcott after seeing him in the county jail and giving in court.

BUILDING OF HOMES ON INCREASE

January promises to be a banner month for the construction of new homes in Richmond with permits for nine cottages amounting to more than \$32,000 having already been issued by Arthur J. Hurley city building inspector.

Permits for the construction of four cottages totaling \$12,500 were issued yesterday.

Herbert Green of Oakland secured permits for the construction of three new homes, each to cost \$3000. The dwellings will be of frame and stucco construction, each containing five rooms and a garage.

One will be located on the west side of Third street between Roosevelt and Clinton avenues. A second will be built on the east side of Twenty-second street between Grant and Barlock avenues.

The third will be erected on the east side of Thirty-eighth street between Roosevelt and Clinton avenues.

David Dwyer was granted a permit to build a one-story cottage and garage on the east side of Thirty-second street between Barrett and Roosevelt avenues at a cost of \$3500.

A minor permit was issued to D. G. McGraw to build a one-car garage on the south side of Redwood avenue between Forty-third and Forty-fifth streets, costing \$250.

Distance Mark Captured By Brave Quintet

LOS ANGELES, Jan. 4. (U.P.)—Intent on breaking all records for sustained flight by aircraft of any kind, the great army plane "Question Mark" circled over protected San Fernando valley tonight with three records already bettered.

The crew of five had kept the plane in the air 86 hours at 9:25:45 p. m., and had passed the three and a half day mark two hours earlier.

Based on unofficial army figures the Question Mark was believed to have added the world's distance record to the three sustained flight marks broken.

The Question Mark was to make its twentieth refueling about midnight tonight, contacting in the clear sky over San Fernando valley.

A wild demonstration on the ground and in the sky greeted the Question Mark late today as it returned to its Van Nuys base from Imperial Valley where it cruised as it broke the world's endurance record for heavier-than-air craft shortly after midnight.

Lawrence Of Arabia Sought By Afghans

ALLAHABAD, India, Jan. 4. (U.P.)—Afghan authorities have ordered the arrest of Col. Thomas E. Lawrence, famous British adventurer and army officer, on the belief that he has been a saboteur in the present uprising to cross the frontier, according to advices received here tonight.

Lawrence, known as "Lawrence of Arabia" because of his wartime adventures, was described by authorities as "the arch spy of the world."

Photographs, supposed to be of Lawrence, were distributed among Afghan army commanders. It was reported from Delhi that rumors were current concerning plans for a fresh assault on Kabul, capital of Afghanistan, which was successfully defended recently by government troops when insurgents attacked. The rebel tribesmen revolted against King Amanullah's reform laws.

11 Bandits Hanged At Scene Of Crime

MEXICO CITY, Jan. 4. (U.P.)—Eleven bandits were executed near Aguas Calientes today when they were caught preparing to wreck a train from Juarez according to the newspaper Grafico's correspondent.

East Richmond Bus To Improve Service

Increased work day service on the new Richmond Transit company's East Richmond line will be inaugurated next week, according to an announcement made yesterday by Edward Lines, operator of the line. The increased schedule is being made for the accommodation of the patrons of the district and particularly the school children, Lines declared.

The new starting times are a result of careful study of traffic conditions at various hours. The revised schedule which will be operative beginning Monday morning will be as follows: Starting times at Melville and San Pablo avenues, times 6 o'clock.

Mystery Explosion Rocks Tyson Home

OAKLAND, Jan. 4.—A gas explosion rocked the home of James Tyson, millionaire lumberman, 25 Soledad avenue this morning, and injured George Weaving, Tyson's chauffeur.

Weaving was taken to the Oakland Emergency hospital by G. Pierce, 3824 Grand avenue, another employee at the Tyson home. Weaving suffered from burns and severe lacerations of both arms received when he broke through a window escape.

Although Weaving said that the explosion occurred when he was about to touch a match to the gas water heater in the servants' quarters, Mrs. Tyson declared that the heater was untouched. She declared that there was gasoline in the bathtub and the window curtains above the tub were blown.

An investigation to determine the cause of the blast has been ordered by Mrs. Tyson. Damages to the home were slight.

PLAIN SPEAKING

The press of the United States generally is supporting and commending the principles of American foreign policy enunciated by President Coolidge in his Armistice Day speech. The only criticism which has been heard is that the statements were too "blunt," that they might offend some of the diplomats of Europe. It occurs to us that bluntness with this situation, if not bluntness, at least plain speaking, and it seems to us that it was this latter virtue with which President Coolidge was dealing in his address. For several years we have seen and heard out internationalists going up and down the land advocating all sorts of aids and subsidies for Europe. We have heard Uncle Sam denounced as a Shylock among nations; we have heard it declared that we ought to forgive the European debt, another phrase for saddling it on our own taxpayers; that we ought to disarm as a pacifist example to the rest of the world.

Statements of this kind have been made by certain internationalists not only in their own country but while they were sojourning in Europe, where many of them seemed to think it the smart thing to apologize for their own country and laud all things European. It is only natural therefore that Europe may have gotten the idea that these mealy-mouthed Americans spoke for the whole country, that their principles were the principles of America, and this may account for some of the trouble we have had in getting working agreements with Europe.

With all this in mind it can be said that Mr. Coolidge did the right thing and proper thing in indulging in plain speaking. He has served notice on the diplomats of Europe that the American foreign policy is not the policy of the European worshippers in the United States but of the great mass of the American people who believe that American interests ought to have paramount consideration from our government. The plain speaking indulged in by President Coolidge ought to clear the atmosphere and convince the European diplomats that Uncle Sam is not so big a boob as his internationalist apologists would indicate.

The approval of Mr. Coolidge's enunciation of our foreign policy has been non-partisan and is therefore American. To show this we have only to quote from a distinguished leader of the democratic party, James W. Gerard, ambassador to Germany under Mr. Wilson. In commenting on the president's address, Mr. Girard declared:

"I agree with every word the president said. The United States must adopt a business-like attitude toward Europe. Foreign loans should be curtailed and the moneys devoted to improvement of the conditions of our own people. We can take the Kellogg Peace Pact on faith only.

"We must have more cruisers for national defense. I wish the cruiser bill provided for 30 instead of 15.

"We did all that we could to promote the cause of disarmament, but we must not forget that adequate national defense is necessary for preserving order and peace in the world. When the present British program is carried out, Great Britain will have 68 cruisers. In view of these facts I believe that the 15 cruiser bill now before the senate is far too small a number. It is not a question of competition with other nations, it is a defense necessity.

"Let us serve America first. Let us take care of the poor and suffering in our own country first. Let us perfect our educational system and devote our money to improving every phase of our life. Let us support the president in his plea for more cruisers so that our national defense may be maintained adequately according to world standards."

Here are words of wisdom and patriotism and they are well worth thinking over.

Mussolini, according to press dispatches, gets a salary of only \$1250 a year. But look at the fun he has bossing everybody.

What Shall I Wear?

I need a new rain coat, and as I am under twenty and like to

be up to the minute I am not sure whether to get a trench coat or something newer. What do you say?

V. E. D.

Well, of course, trench coats are not new but they are smart as smart can be if well tailored and made of good gabardine. Perhaps you would rather have leather. These cost decidedly more but wear a life time if that is any advantage—it never seemed so

BEAUTY

Dear Miss Lane,

I am not fat but I have such large hips that I find it very hard to find clothes that are becoming at all. I don't care how way I can reduce my hips without losing weight or otherwise.

ANXIOUS

Well, you can't do it. On your back on the floor with your hands at your sides stretch the body till it is as long as the head and extend the feet all the way to the toes. Repeat this several times a day. This will help you to lose weight and keep it off. It is a very good exercise and will help you to keep your weight down.

Dear Miss Lane,

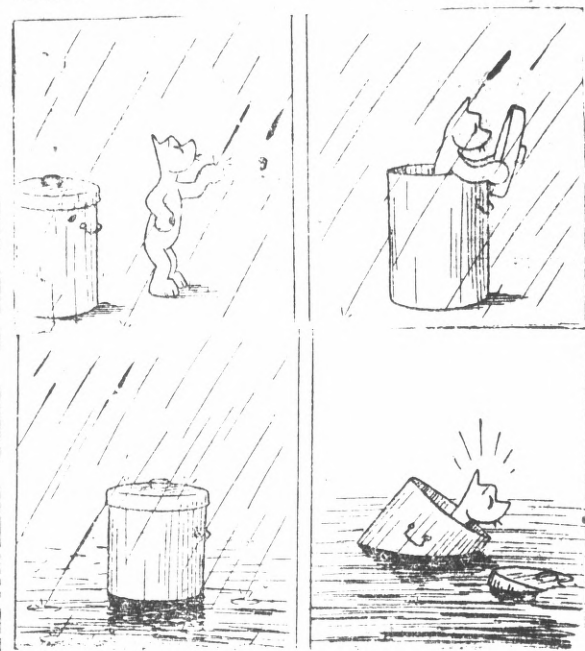

In spite of the fact that I let the daily I am embarrassed by a very strong foot odor which I can't seem to do away with. I use deodorant powder but it does not seem to help very much. Can you help me at all? I'll be very grateful if you can.

Daily bathing of course is essential. However, don't use soap on your feet. You will find that rubbing your feet with a white cloth will do more good than anything. Change your stockings every day and don't wear the same shoes too long at a stretch. Remember that it is important to dry the feet carefully after soaking them and dusting them with talcum powder will add to your comfort.

BULLETS RAIN ON ACTORS IN DUEL

Bullets flew on the set when
William Boyd and Allen Hale
faced their gun-wielding battle
over the affections of Jacqueline
Logan, during the filming of the
comedy drama "Power" which is
now playing at the Richmond
theater.

Director Higgin planned to have
Boyd and Hale do their shooting
in a small building at Garden
but the perspective of it when
he found that the building was
punctured by furniture. So the
lobby set was built and the new
opened up on each other with
twenty eight. "It was harder work
making that big boom," Boyd said
later, "than it would have been to
hit him." Whereupon Hale com-
plained "Boyd is so small and in-
stantly that I just naturally
shot all around him."

The wildly jealous lovers in
the scene had peppered each other
in the past to the point of wrecking
when one of them, with sizzling
gas, cooled through the window.
Miss Logan rapidly swung away
from them and in a room with her
boy friend. The battle stopped
abruptly and heads of "Power"

bats, the cruel war was over.

Rotary Told Of Conclave Held In Japan City

The hospitality of the Japanese
hosts to the Rotary delegation at
the Pacific conference held in
Tokyo last October was told to
the members of the Richmond
Rotary club by the Hon. C. C.
Carver yesterday noon by Harry
Maxfield, visiting magistrate of San
Francisco.

Maxfield was a delegate from
the San Francisco Rotary club
delegation, which were present from
United States, Australia, New Zea-
land, China, Philippines, and Ha-
waii and other countries border-
ing on the Pacific. The confer-
ence was held to promote a bet-
ter understanding among the peo-
ple of the western world.

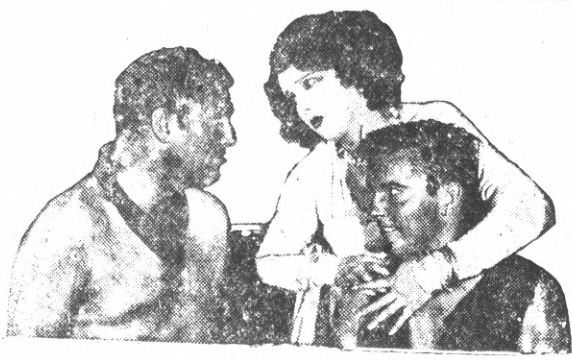

The delegates were entertained
by many Japanese private homes
and Maxfield stated that he en-
joyed the season as much as
any of the Rotary International
conventions. Mr. J. J. Richards, Jr.,
was chairman of the day.

Last Rites For H. G. Stidham Held Yesterday

Funeral services were held yes-
terday from the Wilson and Krat-
zer chapel for Homer G. Stid-
ham, Richmond pioneer, Rev. P.
H. Prince officiated. The Point
Lodge of Masons were in charge
of the service. Interment was in
the Sunset View cemetery.

Pall bearers were George Top-
ping, T. H. Finley, A. S. White-
head, L. D. Owen, C. D. Whitehead
and H. A. Sayer.
Stidham passed away at his
home after a long illness on
Wednesday morning. He was for
a number of years a prominent
figure in the real estate and in-
surance business here.

Deceased leaves a husband who
will make his home in Richmond
with Mrs. Moody. She also leaves
two sons.

MUTINY NEARS CLOSE ON SCREEN

In the confined area of a freight
steamer on a long voyage across
tropic seas, with withering heat
beating down upon it day after
day, it is inevitable that human
passions should have unrestrained
play. When to this is added the
presence of a fascinating woman
passenger whose whims turn the
heads of a half dozen men and
set them to battling with each
other for her smiles, the tense
drama of the situation may well
be imagined.

This is the unusual setting of
FOX's powerful melodrama of the
tropic seas, "Singapore Mutiny,"
closing at the California theater
today with Ralph Ince and beau-
tiful Estelle Taylor in the leading
roles.

In addition to playing the role
of a stokehold bully whose abuse
of his men leads to mutiny and
shipwreck, Ince directed the photo-
play with a fine sense of dramatic
values. Miss Taylor's characteri-
zation of the adventuring woman
passenger of the adventure on the
Singapore bound tramp steamer
is declared to be her most out-
standing of her brilliant screen
career. Others in the cast are
James Mason, Gardner James,
Martha Mattox, Harry Allen, Fran-
cis Newberg, Robert Garland and
Carl Azzelle.

Mrs. Rosalez Rites To Be Held Monday

Funeral services will be held
at 9:30 Monday morning from the
family home for Mrs. Anselma Ro-
salez who passed away at the
Mexican quarters here yesterday
morning. Deceased was a native
of Mexico and was 49 years of
age. She leaves a husband, Fran-
cisco Rosalez, and five children.
Interment will be in the Sunset
View cemetery.

VICTOR, R. C. A. IN GIGANTIC MERGER

NEW YORK, Jan. 4 (U.P.)—A
significant merger of momentous im-
port to the future of broadcasting,
phonographs and talking moving
pictures was announced today. It
involves the Radio Corporation of
America and the Victor Talking
Machine company.

In terms of money, the unifica-
tion means the combination of ap-
proximately \$60,000,000. In gen-
eral terms of interest to the public
much more is involved.

Specifically instead of fighting
each other, it means close co-op-
eration, and simultaneous and com-
plementary development in their
own distinct fields of the three
biggest methods of providing me-
chanical entertainment.

Radio in Talks

Radio already had gone into the
"talkie" business. Now the pat-
ent of the phonograph company
will be brought in to use to the
utmost extent in developing radio
broadcasting and talking pictures,
while in its own field the phono-
graph will be developed with the
aid of the other departments in
the merged company.

Perhaps the most romantic side
of the merger is the rise of radio.
Five years ago its stock sold for
\$10 a share. Today it closed at
\$295. It has risen, roughly, 295
points in a year.

Capital Involved

An approximate total of the cap-
ital involved in the unification
follows:

Radio Corporation:	
Common stock, value	today's close, \$454,582,000
Preferred stock, par	value, 19,779,870
Total	\$474,361,870
Victor Talking Machine:	
Common stock, value	today's close, \$89,284,272
Prior preferred, par	value, 20,926,200
Convertible preferred,	par value, 12,189,700
Total	\$122,400,172
Grand Total	\$596,762,042

Actually the total is greater, the
preferred stocks are selling a lit-
tle above par.

As to the stock market aspect of
the merger, there is to be a five-
for-one split of new radio stock
for old common stock. This will
be a greater floating supply of
stock and it is expected that
"technical corners" in most in-
stances, if not all, will be elimi-
nated. These have caused fast
moves up and down in the stock.
The merger was agreed upon at
separate meetings today of the
boards of directors of the two
companies.

C. E. Blanchard Funeral Monday

Funeral services for C. E. Blan-
chard, Richmond pioneer will be
held from St. Mark's church at
9:30 Monday morning. The cer-
emony will leave the Curry chapel
at 9 o'clock.
Blanchard leaves a widow, Mrs.
Mary E. Blanchard and a foster
daughter, Mrs. Agnes Rhoda of
Los Angeles.

THE HOME TOWNERS

BY JOHN LEARY PELTRET
FROM WARNER BROS. "ALL TALKING" VITAPHONE PICTURE
...BASED ON THE COMEDY BY GEORGE M. COHAN...

SYNOPSIS—Arnold invites Bancroft, his chum, to be best man. Bancroft
arrives, becomes suspicious of Bancroft and family, creates row, engagement broken.
Bancroft's brother returns wedding gift bracelet to Arnold, case empty when opened
later.

CHAPTER XI

It becomes evident to Arnold
that the only way to solve the
mystery of the empty jewel case
is to call the Calhouns. He gets
Wally and Beth on the telephone.
Wally says he will come right
over. Arnold talks with Beth
and urges her to come and bring
her parents. Before they arrive
Bancroft says he will go out and
ask the butler some more ques-
tions about the matter.

THE Calhouns arrive at Arn-
old's. Wally has shown
bracelet to Roberts at railroad
station so knew it was in case.
He asks where Bancroft is. Im-
plies some one must have taken
bracelet after butler gave case to
Arnold. They all quarrel over
the matter. Finally Bancroft re-
turns, announcing he has sent the
butler on an errand. This causes
consternation all around.

It is understood that Wally has
left Arnold's firm. Then Cal-
houn learns Arnold is going to
sell control of the bottle washing
patent. This puts more fuel on
the fire. Strangely enough all
this time Beth seems inclined to
take sides with Arnold, who as-
sures her it is not the value of the
trinket that he cares about, but
that he loves her and wants the
mystery cleared.

BANCROFT, meanwhile, has
been strangely silent, wait-
ing for his chance to speak and
clear up the affair. Mrs. Ban-
croft says that Roberts might
have taken it, but Beth assures
her that Roberts has an income
from a twenty million dollar
trust fund and that she turned
down his offer of marriage be-
cause when she met Arnold she
knew he was the one man for her.

OFFICERS PROBE THEFT OF FLU GERMS

LONDON, Jan. 4.—(P. M.)—The British health authorities are probing the theft of millions of influenza germs from a laboratory in London, after Dr. M. R. Brady had informed them that there was danger of wide-spread influenza in glass culture tubes, which were stolen from him, were broken and the germs released.

A number of the tubes were stolen today when Dr. W. M. Crofton, bacteriologist, left them unguarded in his laboratory. No trace of the tubes had been found at a late hour.

"If the tubes are broken there is undoubtedly danger that the contents will cause an influenza epidemic," Brady said. "The cold weather probably would kill the germs if they were exposed to the air but in warm hands or coats or in a warm atmosphere the germs would survive and multiply."

Tubes Gone

Dr. Crofton had placed the germs in the automobile which was parked in the fashionable West-end district. When the physician returned to the laboratory the tubes were gone.

"Inasmuch as the germs spread most easily when dried," continued Brady, "it is obvious that if the culture tubes are dropped in a warm spot, it is likely that they would dry quickly and become pulverized. Then while the germs were still alive they would spread rapidly by wind."

"On the contrary, if they fall in a cold spot the culture probably would remain liquid and only physical contact would start an epidemic."

No Reason for Alarm

No reason for the theft could be advanced except that the thief might have mistaken the tubes for drugs.

The germs were contained in five tubes.

"If these are opened in a thickly populated district, the damage will be serious," Brady said. "Hundreds of persons will run the risk of catching common influenza. The theft also may endanger the lives of patients, or at least, seriously retard their recovery."

School Funds Distributed By County Leader

The Richmond high school has been apportioned \$44,105.50 and the Junior high schools have received \$18,086.80 for the current year according to a report received from William E. Hinton, county superintendent of schools.

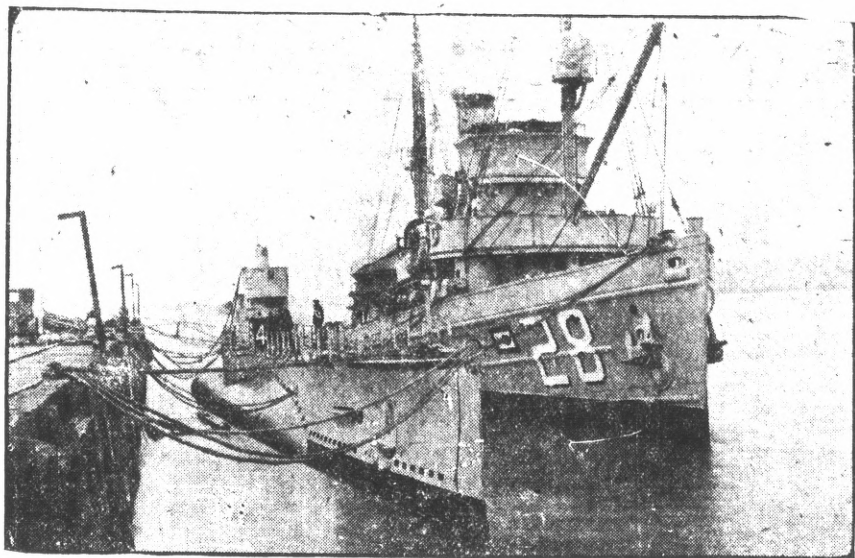

The state apportionment for the county totals \$112,673,662. Of this sum \$141,261.86 has been given to the high schools and \$227,121.74 for the junior high schools.

The Pinole-Hercules school district gets \$4,518.32; San Pablo gets \$7,559.36 and Giant gets \$234.96.

Santa Fe Line Changes Train Schedule Here

Changes in time schedules on three westbound and one eastbound passenger train of the Santa Fe line in and out of Richmond were announced yesterday by W. B. Trail, Richmond agent. The new schedule will be effective beginning tomorrow. Trains 41 and 42, to and from Fresno, will hereafter have Stockton as their terminus.

Train 41, westbound, formerly arriving here at 12:06 p. m., will arrive at 9:55 a. m., from Stockton only. No. 9 from Chicago is changed from 6:50 p. m. to 6:15 p. m.; and No. 5 from Bakersfield will arrive at 8:40 p. m. instead of 9:07 p. m.

No. 42 to Stockton, only, will leave Richmond at 6:49 p. m., instead of 6:04 p. m. The ferry connecting with this train will leave San Francisco at 6 p. m.

Delivers, smokers and tool grinding saw filing, keys made. 264 9 20 1mo.

6000 Pupils To Attend School Forecast Here

When Richmond schools open Monday morning it is predicted that more than 6000 pupils will be enrolled. This will be the first time in history that the number of pupils has exceeded the 6000 mark.

The prediction was based on the natural increase each semester and the total registration for the last semester. When schools closed in December there were 5895 pupils registered here.

In the Richmond high school 75 students who graduated in December will be replaced by 215 from the junior high schools.

The registrations last semester were: Kindergarten 363; elementaries 2019; junior high, 1229; high school, 1842; part time 154; Americanization 175.

Regional Scout Leader To Give Classes Here

Miss Alice Dyer, assistant regional director for the Girl Scouts has been secured to take charge of the Girl Scouts' "Leader" training courses here. Miss Dyer will come to Richmond Friday night to conduct the first class.

Troop leaders for the Girl Scout troops here will be trained under the direction of Miss Dyer.

Richmond women who are interested in Girl Scout work, and who can spare an hour each week have been invited to attend the training courses.

The meeting place will be announced later.

READING AWARD FOR SCOUTS DETAILED

Announcement was received yesterday at the local Boy Scout headquarters of the new merit award for reading.

To obtain the merit badge the Boy Scouts must:

Read at least one book a month for a year before becoming a second class scout, including among the 12 books read three standard works and three on subjects of scouting. Present a book review or tell which books he likes best and why.

Describe the characters he likes best in his fictional reading.

If a library is available, present a membership card of a library.

List several books he intends to read in the next 12 months.

Read a book which has been recommended by the Scoutmaster.

Give the names of books or facts he has learned from a reader of a book magazine for at least 12 months.

Read a book which has been recommended by the Scoutmaster.

Present a report on the value of reading.

The Scoutmaster, pending recommendation of the Scoutmaster, will award the badge.

Scouts who receive a merit badge will be given a slight jump over the others in a short time and will be given a special point.

Three books of great interest to scouts have been placed in the city library. These books are authorized by the National Council Boy Scouts and will fill a great need of the local scouts.

They are as follows:

"Tracks and Trails" by Leonard Russell Henderson for Handy Boys by A. N. Hall Shelters Shocks and Shanties by Ben Beard Scout, that are packing tests will find a great many books of information in the city library that have been approved by the National Council Boy Scouts of America.

Work Halted On County Roads

MARTINEZ, Jan. 4. R. R. Arnold, county engineer, announced today that for the first time in many years no contracts are under way on any county road projects. During the past years several contracts for new roads or repairs construction or reconstruction of bridges has been going on daily, but today the county has not one single project under way by contract.

142 Divorces For County In 1928

MARTINEZ, Jan. 4.—Divorces granted in 1928 totaled 142 and 91 marriages were annulled, according to a report made public today. None of the annulments were of marriages since the three day marriage law went into effect.

Brother Of Local Woman Honored

Mrs. James W. Brackett of Richmond received word yesterday from her brother, Wallace Tervin of Bradenton, Fla., of his appointment as assistant attorney general for the state of Florida. The appointment was made by Gov. John W. Martin.

Woman Injured In Auto Crash

Miss Dora Williams DeGroot, 25, 2629 Piedmont avenue, Oakland, suffered injuries early yesterday morning when she was struck by a machine on San Pablo avenue in southern El Cerrito. The name of the driver was not learned by the El Cerrito police. The woman was treated at the Humboldt hospital.

Standard Oil Co. Leases Stations

The Standard Oil service station at Fourteenth street and Macdonald avenue has been leased to W. E. Patton and E. S. Gill local Standard Oil employees, according to an announcement made yesterday. The two will operate the station in the future.

The Standard Oil station at San Pablo and Macdonald avenue has also been leased by the company to Loren Whitlock and L. Podock. Both are employees of the company.

GEORGE HARVEY SAYS
George Harvey, 63 of Mr. and Mrs. Clarence Harvey of Clinton avenue, sailed recently on board the Standard Oil tanker Hama for a trip to Australia.

FIRE LOSS OF CITY SHOWS INCREASE

AN increase of 100 percent more than 190 percent for capital loss over 1927 was shown by Richmond during the last year, according to the records of Fire Chief W. P. Cooper.

Chief Cooper stated that despite the increase Richmond still has excellent chances for winning 1928 awards.

Fire loss by the city during 1928 amounted to \$26,721.87, compared with \$1,554.45 for 1927. The city's fire loss was increased by the Pacific coast and international fire extinguishing franchise.

The net profit for 1928 for 1927 was approximately 14 percent as compared with 75 cents for the last year.

In 1928 there were 127 fires, showing a decrease in the number of fires. There were only 106 fires in 1927, but the city was burned with four fires in 1928.

The average per capita fire loss for the United States is approximately \$2.50, according to Chief Cooper, which makes Richmond's per capita loss of 27 cents for the last year exceedingly low.

Divorced Pair Reconciled As Smallpox Aids

LEWISTON, Idaho, Jan. 4. (P. M.)—After being locked up together for 15 days because of a smallpox quarantine, a Lewiston man and his divorced wife apparently have reached a reconciliation.

Three weeks ago Rex Farr of Lewiston, Idaho, and his wife, Mrs. John Hall, had been quarantined for smallpox.

While Mrs. Hall's husband was quarantined, she was confined to her home, and the two were quarantined in the same place.

The couple, who were quarantined in the same place, were released after 15 days.

OKLAHOMA FIVE WINS OVER CROCKETT

CROCKETT, Jan. 4.—In a one-sided game here last night the basketball team of the Phillips University of Elkhart, Okla., defeated the Community Center unlimited team by the score of 41 to 10. The local players were not able to penetrate the main man defense of the Oklahoma team and were bewildered by the sparkling, accurate passing and shooting of the visiting cagers.

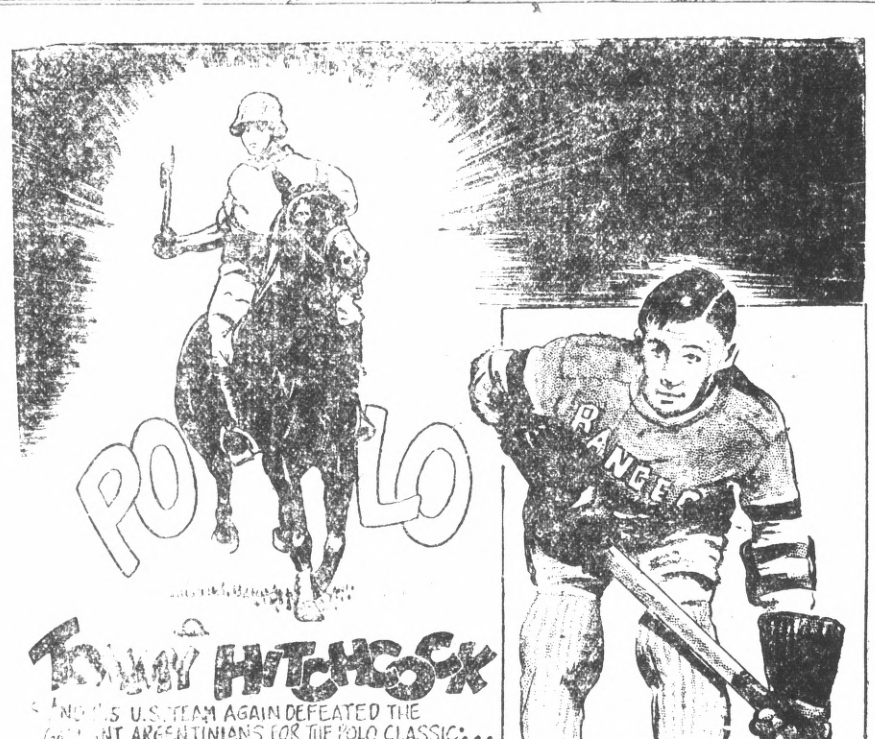

Spaulding of the University, was the high score man with 11 points to his credit. The crack shooting of Mullens, also of the Phillips team, made 5 field goals in the last five minutes of play and was a factor in the large victory.

Under the direction of Coach Stevens the Community Center club team will put on some practice sessions in preparation for their coming games with some of the outstanding teams around the bay cities. From present indications it looks as though Sparks and Beck will start forwards with Capt. Joe Martin at the center post and Wise at Kirkhouse at guards.

This combination will meet the Matson Navigators of San Francisco next Saturday at the Crockett gymnasium. A preliminary game between the Community Center club team and the Mare Island Apprentice school will start at 7:45. A girls game will also be played on the same evening between the Ralston Athletic team of San Francisco and the Community Center club girls team.

Bodie New Coach For St. Ignatius
SAN FRANCISCO, Jan. 4.—Frank "Link" Bodie has been signed as basketball coach for the St. Ignatius College, San Francisco, according to a report made today. Bodie was a Major and Pacific league star for many years. Last year he was with the Mission Belts. He will take his new job Feb. 1.

Schemling Gets First Victory In Tournament

MADISON SQUARE GARDEN, Jan. 4.—(U.P.) Max Schemling of Germany, one most promising foreign heavyweights, contended to come to these shores in many a day demonstrated his right to a prominent place in Tex Rickard's elimination tournament tonight by decisively beating Joe Sekyra, Eng. and Holman (100) Boston, O.

Sonnerberg Wins Wrestling Title From 'Strangler'

BOSTON GARDEN, Jan. 4.—(U.P.) "Demolition" Sonnerberg, former Dartmouth football star, won the heavyweight wrestling crown tonight by defeating the "Strangler" Lewis before a whistle blowing mob that jammed the garden to capacity. Dynamite was presented with the \$10,000 diamond belt emblem of the championship.

Richmond Cage Team Will Meet Hayward Friday

The Richmond basketball squad will clash with the Hayward cage team Friday night at the Richmond high school gymnasium in the annual "big game" of the year. The contest between the two schools is an annual "classic" of the city. There will be three games, a 110 pound, 130 pound and an unlimited game.

Henry To Quit Pasadena Rose Fete Committee

LOS ANGELES, Jan. 4.—(U.P.)—That Leslie B. Henry's connection as a member of the Pasadena Tournament of Roses association and as president of the football committee of the association will be severed was learned today. It is understood that Henry will hand in his resignation Jan. 24. Henry told newspapermen that he would not be a candidate to succeed himself and that he would not take the presidency of the association if it were offered to him.

While several reasons are given for Henry's decision much can be laid to the break with the University of Southern California, which has raised a storm of protest, according to those on the "inside" of the case. Negotiations for the Trojans to play the Rose bowl game this year fell through and Henry was severely criticized in this connection. The fact that Henry was responsible for selection of Marco Hellman, Los Angeles banker, as grand marshal of the Tournament of Roses parade this week, has also been a factor in the decision. Henry is so honored also would have a bearing on the case, it was said.

RIEGELS HAS PLENTY OF PLUCK

NEW YORK, Jan. 4.—(U.P.)—Now that the excitement inevitable attendant upon the wrong-way run of Roy Riegels in the Rose Bowl on New Year's Day has died away, it is safe to say that the more lasting feeling among football fans everywhere will be one of real sympathy for California's plucky and unlucky captain-lect.

It is to be hoped that the same courage which enabled the husky young center of the Golden Bears to return to the game in the second half and risk the Georgia line to block outplay Captain Peter Pund of All-American fame and block and recover a kick for California at a critical moment, will help carry Riegels through the difficult period when memory of his blunder still is poignant.

Riegels cannot go tearing through every trying situation as he did through the Tech team in that second half, and it is inevitable that he should feel that everyone he meets will have that unfortunate run of his upmost in mind.

"Stumpy" Thompson, plucky back of Georgia Tech, fumbled on his own 25 yard line, and Riegels, who had been badly battered in line plays opposite the plucky Peter Pund, seized the ball and started across the field.

21 looked around and saw "some good posts and made for them," he explained afterwards, scoring any one of a number of obvious aches. The trouble was that Riegels, in the excitement of finding himself free with the ball, saw the wrong goal posts. He ran 70 yards or more towards his own goal and was stopped at the goal line too late to remedy his mistake.

Riegels, heart broken, for the loss of such a game looms large in the mind of a college boy, deserves every consideration that can be shown him, rather than half-witted criticisms to Fred Merkle and Henne Zimmerman, whose famous blunders fell in quite another sphere.

Both Fighters Counted Out In Finish Battle

TAMPA, Fla., Jan. 4.—Billy Long, Philadelphia and Al Trout, Cleveland Negro middleweights fought six draws in the course of their pugilistic careers. Something must be done, they decided. They got together and decided that they would fight a finish fight. There would be no decision—one must be knocked out by the other. Last night they met here. In the nineteenth round Long caught a haymaker on the jaw and Trout took one in the midsection. They both sank to the canvas and the referee counted them out.

Y CAGERS WILL MEET U. C. JAN. 11

The Y. M. C. A. 130 pound basketball team will meet the California 130 pound team here Jan. 11, according to an announcement made at the Y. M. C. A. It is understood that in all probabilities the game will be played at the Roosevelt junior high school gymnasium, although a definite decision has not been made.

The teams have just completed a barnstorming tour of the central portion of the state.

National Rifle Group To Name Heads Wednesday

Election of officers will be held by the Richmond National Rifle association Wednesday night in Woodmen hall. A committee from the Richmond Sportsmen's club will meet with the members to negotiate for the showing of the rifle association's range on the upper Skow range.

The range is now shared with the Elmhurst Rifle club. Negotiations have been made by the Athens club of Oakland for the use of the range for its members.

Those interested in trap and in range shooting have been invited to attend the meeting. Plans will be discussed for the reopening of the indoor range in the Stiefvater building.

Amateurs Will Get Chance In Pitch Tournay

AGU CALIENTE, BAJA, Cal., Jan. 4.—Efforts of the amateurs, that courageous band of worthies, ever present in the "money" tournaments of the golfing world, will not go unrewarded in the first \$1000 pitch and putt open of the Agua Caliente country club, announced Wirt G. Bowman, president.

Bowman, who at this time also is preparing plans for the holding of the \$10,000 open, over the championship course, now being built by William P. Ball, noted California golf course architect, released the news this morning that three trophies have been obtained for the event.

The first prize to the amateurs in the tourney will be the Bowman cup, James K. Crofton, of the Agua Caliente company, is offering the second prize and Zernansky the third. The trophies will be awarded for low gross scores.

And while the silverware and tournament experience is attracting the amateurs in their battle against par, the professional, the boys who make golf their business will fight it out for ten cash prizes, the top one being \$300 for the winner. The other divisions are: second, \$200; third, \$150; fourth, \$125; fifth, \$75; sixth, \$50 and four prizes of \$25 each.

BEAR QUINTET WINS SERIES FROM, KANSAS

OAKLAND, Jan. 4.—(U.P.)—Basketball players of the University of California won the series of three games with the University of Kansas by trouncing the visitors in the second contest here tonight 20 to 23.

Kansas played better basketball than on Thursday night, when it was defeated 33 to 22 and was leading at the end of the first half 12 to 11. The one point margin was gained in the last minute of the first period, and California had a new determination when the second half started, rolling up a total of 12 field goals in the entire game against six for the losers.

Vernie Corbin, California captain and center was high scorer with 12 points. Perry Ten Eyck, forward, and Ed Lariou, guard, added six points each.

The offense of the visitors was led by Bishop, a forward, and Maney, a guard. Both were forced to start most of their attempts to shoot baskets from the center of the floor but Bishop made eight points and Maney seven.

The final game of the series will be played here Saturday night.

Former Local Boxer Returns To Home Here

H. A. "Kid" Fray has returned here from a sojourn in Southern California and is staying at the home of his mother, Mrs. Julia Fray, 915 1-2 Macdonald avenue.

Fray yesterday affirmed reports that he is planning to start a comeback in the squared circle. Nearly two years ago the youth entered five bouts, making a creditable showing.

He has been signed up to meet Frankie Mello in Bakersfield in March. Mello won over Fray in his first bout. Frank Garcia is managing Fray.

While in the south Fray was pitcher for a semi-pro baseball team and has also taken part in basketball and football.

Tex Rickard Ill In South

MIAMI BEACH, Fla., Jan. 4.—(U.P.) Tex Rickard, millionaire sports promoter has suffered a relapse and is in a dangerous condition, it was learned tonight.

A conference of three physicians was called at midnight at Allison hospital where Rickard was operated on New Year's day for appendicitis.

Coast League Heads To Meet January 12

SAN FRANCISCO, Jan. 4.—The Pacific Coast League directors will hold their meeting Jan. 21. At this time it is hoped that a president of the board will be elected. Several months ago the directors met in Portland and after a week's hot debate were unable to decide upon a new president for the league.

School nurse says
all girls should
know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."
Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless, and works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

11—Real Estate For Sale

THE HEART OF RICHMOND

For appraisal purposes, Land Value, a little from Macdonald Avenue and Tenth Street, as the present maximum value is at this point.

The reason is, because of its accessibility to and from our residential and manufacturing districts. The development on our inner harbor and the food products, with many prospective industries, will make Macdonald Avenue and Tenth Street, for many years to come, the HEART OF RICHMOND.

We are offering today the southwest corner of Tenth Avenue and Ninth Street, within 1 block of the new Montgomery Ward Building and 3 blocks of Macdonald Avenue and Tenth Street, at a price, that within a few years, will net you a kind some return on your investment.
